

PERSONAL SIDEQUESTS

This mini-expansion gives each character something personal to do during the exploration of the 7th continent.

At the beginning of the game, each player takes a **780** card containing the name of their character. Then the game starts as usually.

Something personal

Keelan McCluskey

When you set off to adventure, you planned to give your ex-husband a remembrance to fit his personality.

When there's a carnivorous plant on your Terrain card:

003, **781** & banish this.

780

Remember your strength

Remembering how you survived your ex-husbands vile assassination you regain your vigor and selfconfidence.

When there's a carnivorous plant on your Terrain card, you may **return** your **tired** and/or **paranoid** and/or **frightened** and/or **terrified** state.
